

Cookie Policy

Website Cookie and Tracking Technologies

Version 5.0 | Effective Date: 2 April 2026

1. Introduction

HOST LOGIC LIMITED uses cookies and similar tracking technologies on hostlogic.io and related services.

2. What Are Cookies

Cookies are small text files stored on a user's device, allowing websites to recognize devices, store preferences, maintain session state, and measure interactions.

3. Types of Cookies

Essential Cookies

Required for core functionality, security, and session management. Cannot be disabled without impacting the Service.

Analytics Cookies

Measure how visitors interact with the website to improve user experience and performance.

Security Cookies

Support authentication, fraud prevention, and platform integrity.

Marketing Cookies

Measure marketing campaign performance and conversions. May include third-party pixels (e.g., Meta Pixel).

Preference Cookies

Store user preferences such as language settings and consent choices.

4. Cookie Duration

- Session cookies: deleted when browser session ends
- Persistent cookies: stored for a defined period for preference and usage measurement

5. Third-Party Technologies

Some cookies may be set by trusted third-party providers supporting analytics, security, and marketing. They process limited data required for their services.

6. Managing Preferences

Users may control or disable cookies through browser settings. Disabling essential cookies may affect functionality. Where required by law, consent is requested before placing non-essential cookies.

7. Do Not Track

No current industry standard exists for responding to DNT signals. HostLogic does not respond to DNT at this time.

8. Changes

This policy may be updated. The latest version is always available at hostlogic.io.
